Keep warm with ultra-efficient gas wall furnaces and space heaters
Seeley International is Australia’s largest and most awarded air conditioning manufacturer with a history spanning more than 40 years.

Renowned for ingenuity and innovation, Seeley International leads the market in the design and manufacture of heating and cooling systems, with award winning brand names including Breezair, Braemar, Climate Wizard, Convair, Coolair and Coolerado.

With factories in Adelaide, South Australia and Albury, New South Wales, when you buy a Seeley International product you can be confident you’re investing in a quality, Australian made climate control solution.

Seeley International never stops striving to engineer and build the world’s most energy efficient heaters and coolers. It is this commitment to excellence that’s at the heart of everything we do.

For Breezair, the product range is made in Australia.
For Braemar, the evaporative and gas heating product ranges are made in Australia.
The inverter add-on cooling product range is assembled in Australia.
For Climate Wizard, the product range is made in Australia.
For Convair, the evaporative product range is made in Australia.
For Coolair, the product range is made in Australia.
For Braemar Tudor Romeo, the product range is made in Australia.
For Coolerado, the product range is made/assembled in the US.

Just a few recent awards...

Seeley International is delighted to have been repeatedly recognised for innovation and excellence.

- CCN Awards 2015
  Winner: HVAC&R Leader of the Year
  Frank Seeley AM FAICD

- The Australian Business Awards 2015
  Winner: Best New Product
  Braemar 7 star equivalent* ducted gas heater

- Good Design Awards 2015
  Winner: Product Design: Hardware and Building category

Why Braemar?

For more than 50 years Braemar has been providing Australian families with world’s best, most energy-efficient cooling and heating products and has cemented its reputation as a trusted and innovative Australian brand.

- Uncompromised product quality and reliability
- 50 year history of excellence
- 2 year comprehensive warranty
- 10 year heat exchanger warranty
- Australian made - a wise Australian buys Australian!

Don’t put your family’s health at risk by using unflued portable heaters – use Braemar flued heaters for safe heating!

Why Braemar gas wall furnaces and space heaters?

Braemar has a range of gas wall furnaces and space heaters to suit any sized room, in a variety of configurations.

- Leading-edge technology ensures maximised energy efficiency and savings in running costs
- Super-efficient and economical heating with 4.8 star Braemar Eco-Superstar space heating
- No emissions inside with ultra-safe flued heating
- Quiet operation
- Ultimate comfort combined with stylish design
- Flexible installation options
- Lowest CO₂ emissions*

Braemar gas space heaters

Braemar Eco-Superstar’s power flued gas space heaters boast an amazing 4.8 star gas energy rating – saving you money on running costs.

Ultra efficient power flued heating

Power flued space heating is one of the most economical forms of heating and Braemar Eco-Superstar space heaters are among the highest star rated products.

The energy efficiency of gas heaters is measured independently, and awarded star ratings. The higher the star rating, the more energy-efficient the heater is. The more energy-efficient, the more you save on running costs.

This is why Braemar Eco-Superstar space heaters have in-built technology to ensure they maximise their energy efficiency to an incredible 4.8 stars.

Sized to suit you

Braemar Eco-Superstar space heaters are available in two sizes to meet your heating needs:

- The SH18 unit heats up to 62 m²
- The SH25 unit heats up to 85 m².

Consult your local Braemar specialist to discuss the heater that best suits you.

Features and benefits

**Standard:**
- Overheat safety switches
- Thermostatic temperature control
- Self diagnostic control system
- Cool-to-touch cabinet
- High/low gas rates
- Pre-heat function
- Soft-air function
- Economy mode
- Child lock
- Inbuilt and console models
- Power flue
- Natural and propane gas
- High/low fan speeds
- Electronic ignition
- Electronic flame sensing

**Optional:**
- Remote control
  - full 7 day programmable timer
- Rear register kit

braemar.com.au
Braemar’s wall furnace is Australia’s most attractive and functional. Its slim-line design makes it as discreet or as visible as you like, and with a stunning 'Ivory Sands' finish, it complements any decor.

Sized to suit you

Braemar wall furnaces are available in three capacities, to suit your lifestyle needs.

**Braemar Eco-Superstar WF25**
An ultra-efficient furnace with an impressive 4.8 star rating, the WF25 heats up to 85 m² and is a perfect solution for those wanting super-efficient and economical heating.

**Braemar Ecostar WF30**
The WF30 is an ideal replacement for existing wall furnaces and is able to heat up to 90 m².

**Braemar Ecostar WF40 (mainly commercial applications)**
The WF40 will heat an approximate area of 80 - 110 m² and is recommended for light commercial or large domestic applications such as halls and large rumpus rooms. It is not generally recommended for normal domestic applications due to the higher air flow rates.

Option to heat two rooms

An optional rear register kit means an adjoining room can also be heated, which effectively gives you two heaters for little more than the price of one.

Replace an existing wall furnace

Braemar wall furnaces are ideal for replacing existing wall furnaces, including the following models:
- Braemar D11/D12/D45/D55
- Vulcan Series 20/22/Quasar
- IXL 10862
- Convair Finesse Range

Please note: Additional kits may be required. Not suitable for direct replacement of fully-recessed models installed into double-brick walls.

**Model being replaced** | **Flue adaptor kit** | **Flue extension kit** | **In-fill panel kit** |
--- | --- | --- | --- |
Braemar D11/12 | Kit not required | Kit not required | Kit not required |
Braemar D45/55 | Kit not required | Kit not required | Kit not required |
Vulcan Series 20/22 | Yes | Kit not required | Kit not required |
Vulcan Quasar | Yes | Yes | Yes* |
IXL 10862 | Yes | Yes | Kit not required |
Convair Finesse | Yes | Yes | Kit not required |

Please note: when replacing existing wall furnaces with a WF25, a new coaxial flue system is required. Refer to flue kits required on the Flexible Installation Options chart.

* Required for inbuilt installations only.

**WF25**
- Remote control (WF25 only)
- Rear register kit

**WF30 & WF40**
- Vertical flue kit
- Console kit - standard
- Console kit - long
- Rear register kit

Please note: This type of installation is not available with this configuration.

Flexible installation options for WF25, WF30 & WF40
Seeley International is Australia’s largest air conditioning and ducted gas heating manufacturer and a global leader in developing ingenious, energy-efficient cooling and heating products.

Our vision is to lead the world in creating climate control solutions which continue to be highly innovative, of premium quality and inspirational in their delivery of energy-efficiency.

But it’s more than just a vision... it’s a way of life!

A commitment to innovation and excellence is at the heart of all that we do. Our success in delivering on that commitment has been recognised by our many awards and our expanding global presence. Seeley International now exports to over 120 countries. Not bad for a company that started out in 1972 in the garage of its founder and Executive Chairman, Frank Seeley AM FAICD, who was named South Australian of the Year for 2011!

Seeley International offers a range of heating and cooling solutions, many of which can be combined.
