

Harness the power of Braemar gas wall furnace

By SEELEY INTERNATIONAL

Ideal for heating the living area or entertainment spaces of your home, the Braemar range of wall furnaces deliver comfort and warmth throughout the cooler months. A great replacement for existing wall furnaces, with an energy efficiency of up to 4.8 stars.

Safety

No emissions inside with ultra-safe flued heating.

Hydrogen Ready

Braemar gas heating products have been tested so they will perform at their best in a renewable future.

Efficiency

Super-efficient and economical heating with up to 4.8 star ratings.

Warranty

Quality that lasts – backed by a 2 year warranty, and 10 year heat exchanger warranty.

Have it your way

Stylish design with flexible installation options.

Australian designed, made and owned!

Manufactured by family owned Seeley International, Australia's largest heating and cooling manufacturer.

Braemar wall furnaces are ideal for replacing existing wall furnaces, including the following brands and models:

Model being replaced	Flue extension kit 080802 (PWF30/40)	In-fill panel kit 085135 (WF25)
Braemar D11/12	Kit not required	Kit not required
Braemar D45/55	Kit not required	Yes ²
Vulcan Series 20/22	Kit not required	Kit not required
Vulcan Quasar	Yes	Yes ²
Pyrox Deluxe	Yes	Yes ²
Convair Finesse	Yes	Kit not required

Please note: when replacing existing Wall Furnaces with a WF25, a new coaxial flue system is required. Refer to flue kits required on the **Flexible installation options** chart on the next page.

Braemar Range

Ecostar Power Flue PWF30

The PWF30 is a functional and stylish replacement for existing wall furnaces and is able to heat up to **95m²**.

Ecostar Power Flue PWF40

(Commercial applications only)

The PWF40 will heat an approximate area of **80 - 120m²** and is recommended for light commercial or very large domestic applications such as halls and large rumpus rooms. It is not suitable for smaller domestic applications due to the higher heat and air flow rates.

Eco-Superstar WF25

The Eco-Superstar W25 is an ultra-efficient furnace with an impressive 4.8 star rating, heats up to **85 m²** and is a perfect solution for those wanting super-efficient and economical heating.

Features

- Overheat safety switches
- Thermostatic temperature control
- Self diagnostic control system
- Cool-to-touch cabinet
- Pre-heat function
- Stealth® Softair® function
- Child lock
- Electronic ignition
- Electronic flame sensing
- PWF30 - natural gas and propane
- PWF40 - natural gas only
- Power flue system (PWF)
- Dual gas rate (PWF)
- Boost setting for rapid heating (PWF)
- Flexible install options (PWF)
- Economy mode (WF)
- Balanced Flue (WF)
- High/low gas rate (WF)

Flexible installation options

Available on	WF	PWF/WF	PWF/WF	PWF/WF
